It's Time To Plant For Spring Color

Celebrate spring's arrival with beautiful flowering bulbs, installed this fall. We offer a distinctive assortment of quality Tulips, Daffodils, Alliums and a wide variety of bulbs that resist deer and rabbits. We install these for a natural appearance and visual impact.

Choose from our bulb selections below, also viewable on our website at www.naturesperspective.com under "For Our Customers". Or list your color preferences below and we will choose the specific bulb varieties for you.

When ordering Tulips, Daffodils and Minor Bulbs, order in multiples of 25's (Alliums in multiples of 5's). Substitutions are made based on availability, so place your order by **October 5** for best selection. Phone in, fax or email your order. Bed preparation, if necessary, is billed at \$51.00 per manhour.

Please fill out this form completely.
